

3D Oil Pastel Objective Drawing

Goals:

- Choose an object to recreate 3D using oil pastels, cardboard and glue – 90% made only from those materials.
- 1 inch thickness min. by 12 inches in size.
- BE CREATIVE! Explore all art elements, line, shape, form, color, value, texture, space.
- You may add in other materials- but no more than about 10%. (examples – other found objects- string, foil, paper, beads, etc.)

HINTS:

- Cardboard can be cut, bended, folded, glued, stacked, corrugated, etc.
- Oil Pastels can be blended, layered, smeared, etc.
- Remember that this is 3D – and should be finished 3 dimensionally (length, width, height).
